

I'm a Puzzle: An Awesome Tool to Create Your Own Online Puzzles

bergman-udl.blogspot.com/2021/04/im-puzzle-awesome-tool-to-create-your.html

Critical thinking and problem-solving skills are essential qualities for our students today. Puzzles are a great way to help students sharpen these skills.

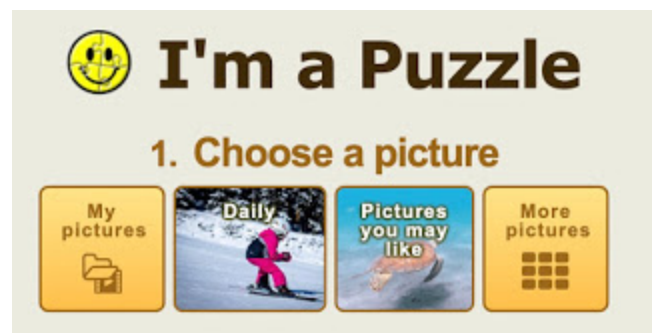

I'm a Puzzle is a great site that you can use to piece together a custom puzzle for students. Whether you are giving students a preview about a topic or want to put together a clue for a scavenger hunt, this a great free resource for you to use!

Step 1: Upload your Picture

Upload your favorite JPEG or GIF file. You can also make your own custom picture using a tool like Google Drawings.

Step 2: Select the Game Mode

Do you want traditional puzzle pieces?
Or do you want something more
untraditional like hearts, stars, and
honeycombs?

Step 3: Select Your Game Difficulty

How difficult do you want to make this puzzle for students? It's up to you! If you make it too difficult, you may lose your student's attention!

Step 4: Share Your Game

Share your puzzle with your students via a link! This is a great way to keep students engaged and excited as the school year comes to a close. [Click here to access my game!](#)
