# ***THE FRAMEWORK***

## **CCRAT**

### **Character:**

Clearly state the historical or literary character you want ChatGPT to be.

### **Context:**

Specify the setting for this character. For a historical character this could be a year or for a literary character a book.

### **Roles:**

If you want to engage in role play, provide some information on your own role in the conversation. Are you a friend, a confidant, an interviewer, or perhaps another character from the same work?

### **Accuracy:**

Note if you want the responses to adhere strictly to historical facts or literary context, or if some creative liberties are acceptable for the sake of the exercise.

### **Theme:**

If there's a particular theme or subject you want to explore, such as love, conflict, or morality, make that clear in your prompt.

Here are 12 examples of the prompt.
